

Presentation Instructions

Date (hard): Wednesday May 26th. The presentation will be in a mini-workshop format.

Workshop Time: 18:00 (not 18:15)

Location: Usual Teams channel

Presentation submission deadline: Teams are expected to submit to the respective elearn folder their presentations by 17:30 of the presentation day. As with all project deliverables, only one team member should make a submission on behalf of the team.

Supported file formats: ppt, pptx, pdf.

Presentation order: Random. Please prepare to attend the entire workshop, as you are expected to attend (and evaluate) the work of other teams; this will count towards your class participation credit.

Presentation duration: Each team will have 10 minutes to present their project and there will be 2 additional minutes for questions.

Procedure: Each team will assign a person to share their screen and show the slides (but every team member is expected to present some of the material). As a backup, the Teaching Assistant can share his screen to display slides in case of unexpected issues.
